

WARNING!
Failure to follow these instructions could result in serious (INJURY)
Warning: Danger from fire.
Adults set up required.

Not suitable for adults. Warning: Maximum age 10 years.

Warning: Only for domestic use. Outdoor use.

Warning: Ground anchor must be installed as required before use.

INSTRUCTIONS

- Set up and dismantling must be done by an adult.
- Do not use near water or in damp areas. Keep the blower away from a dry place during use.
- The product may not be used outside in rainy and/or lighting conditions or if winds exceed 40 km/h (25 MPH). Sudden gusts of wind may lift the product.
- Not suitable for adults. Warning: Maximum age 10 years.
- Keep the product in a smooth and level surface away from any sharp object.
- Excessive the weight of the product makes it difficult to move. Severe injury or death may also result.
- Never point the blower head first towards people or pets. Hold the blower away from the side when sliding down to avoid a risk of skin injuries.
- Do not leave the blower while in use.
- Do not use on surfaces containing sand or stones.
- The product should periodically be inspected for potentially unsafe conditions such as damage to the air flow or this inspection is required to stop the product becoming dangerous.
- Do not use on surfaces containing strong winds or debris.

13. Do not use on surfaces containing sharp objects.

14. Never point the blower at a time for which the weight of the product is greater than the weight of the person. Age 3+: Maximum total weight limit for the product is 100 kg (220 lbs). Weight of the product plus weight of the operator must not exceed 100 kg (220 lbs).

15. Never point the blower at a time for which the weight of the product is greater than the weight of the person. Weight of the product plus weight of the operator must not exceed 100 kg (220 lbs).

16. Never point the blower at a time for which the weight of the product is greater than the weight of the person. Weight of the product plus weight of the operator must not exceed 100 kg (220 lbs).

17. Never point the blower at a time for which the weight of the product is greater than the weight of the person. Weight of the product plus weight of the operator must not exceed 100 kg (220 lbs).

18. Do not leave the blower while in use.

19. Do not use on surfaces containing sand or stones.

20. Do not use on surfaces containing sharp objects.

21. Do not use on surfaces containing strong winds or debris.

22. Do not use on surfaces containing sharp objects.
